

NORTH ZONE (NZ) PRIMARY HEALTH CARE NZ SERVICE PLAN INFOGRAPHIC 2023-2026

"Through implementation of the plan, Alberta Health Services (AHS), Primary Care Networks (PCNs), and community-based partners will work together to support primary health care needs across the NZ."

PC STRATEGIC OUTCOMES

1. Access: Albertans have access & flexible care options
2. Integration: Albertans have a well-coordinated health home
3. Quality: Albertans receive high-quality care with evidence-informed services
4. Partners: Albertans & their supports are meaningful partners in planning & implementation

INITIATIVES

1. Capacity Building in Primary Care
2. NZ Health Neighbourhoods
3. Zone Primary Care Business Unit
4. Transitions in Care
5. Alberta Surgical Initiative
6. Indigenous Health
7. Emerging Issues

NZ PCN COMMITTEE

This Committee is the governance body of this work:

1. Vision: create equitable access to high quality primary care & medical homes.
2. Mission: advocate for thriving, sustainable primary care teams to better serve all communities.
3. Values: trust, collaboration, quality, people-centric.

HEALTH NEIGHBOURHOODS

Health Neighbourhoods bring together people from diverse backgrounds & identities to make small local improvements & build meaningful relationships across organizations & sectors. Our goal is to have 5-6 operational Health Neighbourhoods across the NZ.

PRIORITY AREAS

These are our focus areas and populations for the NZ:

1. Unattached & Vulnerable
2. Well (now)-at-Risk People
3. Frail, Complex Seniors
4. Addictions & Mental Health
5. Chronic & Co-Morbid Conditions (COPD, Diabetes)
6. Indigenous Health

NOW & FUTURE

1. Active Collaboration
2. Stronger Partnerships
3. Bold Change Management
4. Long-term Sustainability
5. Continued Quality Improvement
6. Improved Communications
